The above approval is subject to the following conditions:

- The overall allocation indicated above is subject to the condition that the outstanding cash balance and advance as on 1.4.2012 is part of the approval. In other words, further releases will be made only after deducting the advance and cash available with the state as opening balance.
- 2. SACS should carry out the activities as shown above without waiting for approvals of Executive Committee and ratification of executive committee may be obtained.
- 3. Inordinate delay is observed in placing orders for equipment / supplies. These should be done within a week of receiving approvals of NACO. Procurements should be initiated and finalized, as per the procurement plan prepared and approved.
- 4. The above figures represent ceilings beyond which expenditure should not be incurred on any activity. Actual fund will, however, be provided by NACO as per availability.
- 5. No change in allocation among different components shall be made without NACO's approval. Re-appropriation between activities within a component can be approved at the society level, to meet local needs. This should be informed to NACO well in advance. However, such re-appropriation should not adversely affect the physical targets

indicated in the plan. However, re-appropriation between implementation cost and operational expenses like salary should not be done at SACS level without the concurrence of NACO.

- The pattern of assistance as approved and conveyed from time to time by NACO should be followed.
- SACS shall ensure that up to date information of the programme performance is sent through the CMIS package and the accounts are maintained through CPFMS. Reasons for variance shall have to be provided through the CPFMS.
- 8. The funds for SBTC activities will be released by State AIDS Control Societies after ensuring that the Audit statement and Utilization Certificates till 2010-11 for the funds provided by NACO and Provisional Utilization Certificates (based on statement of expenditure for the year 2011-12) have been submitted to NACO and their Annual Plan for 2012-13 has been approved by Governing Body.
- 9. The minimum quarterly target for expenditure has been earmarked at 19%, 24%, 24%, and 33% respectively for each quarter. This is as per requirement of the modified cash management system wherein "quarterly targeted budget allocation" is to be maintained. The SACS not able to incur the minimum expenditure as per the fixed targets is likely to have their annual plan reduced and corresponding lesser releases in the subsequent quarter.
- 10. The Physical targets as indicated are as per baseline figures reported by SACS and targets for the year 2012-13 agreed with. The targets also correspond to the funds available for the current financial year. Changes if any will be only with concurrence of NACO.
- 11. No vehicle shall be purchased from NACP funds except for purchase of mobile ICTCs wherever approved in the action plans.
- 12. Till further orders, under Institutional strengthening, SACS may extend the service contracts of posts sanctioned under NACP III for one year with effect from 1st April 2012. Salaries, under IS, are to be used for sanctioned posts.
- 13. Procurement of goods and services to be done strictly as per provisions of guidelines issued on the subject.
- 14. The Procurements under various Funds/Components are to be made as per details given below:
  - i. Procurement under various Global Fund Rounds as per existing procurement guidelines;
  - ii. Procurement under DBS to be made as per GOI General Financial Rules amended from time to time;
  - iii. Procurement under TI component (even though this is budgeted under DBS) be made as per World Bank Procurement Guidelines for goods and services as this component is likely to be reimbursed retroactively by World Bank.
- 15. Pending formal approval of NACP IV by Government of India, the approval of AAP for 2012-13 is conveyed provisionally. Termination clause with one month notice may be incorporated in all the Contracts/Agreement/MOU to be executed from 1<sup>ST</sup> April 2012.

Yours faithfully,

(anwaldeep Singh)

Comments/ Remarks:

- In 2010 composite sites for ANC were at four places while 2 new proposed due to low OPD attendance at the centers at Nadiad, Kheda & Godi
- In 2010 STD sites deleted were six while in 2011-12 we propose to delete remaining 4 STD sites
- 3. With client driven epidemic we have proposed migant and truckers sites along with rural ANC sites due to intra state migration and FSW, MSA
